

## RUSTICA® CHOPPED

In response to the trend towards well-being interiors, europiac has developed a new technique which enables noble woods to be finished with a deep, natural feel. Whether integrated into a modern atmosphere or used as part of a more rural feel, this structure is sure to amaze you. All rustic-style wood types are available in the chopped style, from wild oak to historic woods and even spruce, whether knotty, natural or black. This creates unique pieces with particular accentuations – no other surface finish better enhances wood's beauty and natural qualities than RUSTICA®CHOPPED. Applications: wall paneling, shop and interior fitting, furniture.
